Austin Chapter Delegate Report from PTG Council

Your PTG Council met on July 10th and 11th. Delegates from 61 chapters were present, representing 1200 RPTs. Our current membership is 3,409.

Newly elected members of the Executive Board:

President — Paul Brown
Vice-President — Paul Adams
Secretary/Treasurer — Marc Poulin
SCRVP — Steve Walthall

Proposal 1 passed — it allows more time and more chances to take partial RPT exams.

Proposal 2 passed — it shifts our governance to the PTG Executive Board. The council will elect the board, and will give suggestions and concerns to the board. And be involved with long range planning, This will take liability off any and all delegates to council.

You may also give input with concerns or suggestions at my.ptg.org. Subscribe to the committee list titled "Council Long Range Planning." Now our council has more time to discuss real issues that can affect our organization. Instead of spending so much time going over our bylaws, we were able to discuss 14 different topics on Tuesday morning. We divided into 14 groups, and came back together to discuss them as a whole. This was exciting. We've never had such a productive council.
